

## NC CCHC Annual Survey Data Report – 2022

The annual survey is sent to all active CCHCs in North Carolina January each year. CCHCs are asked to respond based on their activity over the prior calendar year, 2021. To maintain confidentiality, all data is de-identified before sharing. This survey is optional, and CCHCs choose whether to respond any of the questions within the survey. As CCHCs are able to skip certain questions, we have provided the total number of responses for all questions.

An additional four CCHCs that were in the NC CCHC Course that started January 2022 did not respond to the survey as they were not hired into their positions at the time the survey was distributed.

### Part 1: All CCHCs in NC

The following data comes from responses gathered by **all CCHCs** in the state of North Carolina who responded to the CCHC Annual Survey, sent out in January 2022.

**Table 1: Funding Agencies**

Type	2019 (n=52)		2020 (n=58)		2021 (n=85)	
	Count	Percentage	Count	Percentage	Count	Percentage
A local (Smart Start) partnership for children	36	69.2%	33	56.9%	56	65.9%
Independent/self-funded	5	9.6%	8	13.8%	10	11.8%
UNC/NC Resource Center or NC DPH (including 4 CCHC Coaches)	6	11.5%	8	13.8%	8	9.4%
Head Start/Early Head Start	2	3.8%	4	6.9%	5	5.9%
A local health department	2	3.8%	5	8.6%	3	3.5%
NC Public School System	1	1.9%	0	0%	2	2.4%
Developmental Day School	0	0%	0	0%	1	1.2%

**Table 2: Reported Trainings Provided During the 2021 Calendar Year (n=85)**

Trainings provided by **Primary CCHCs** (independent, public schools system, Head Start/Early Head Start).

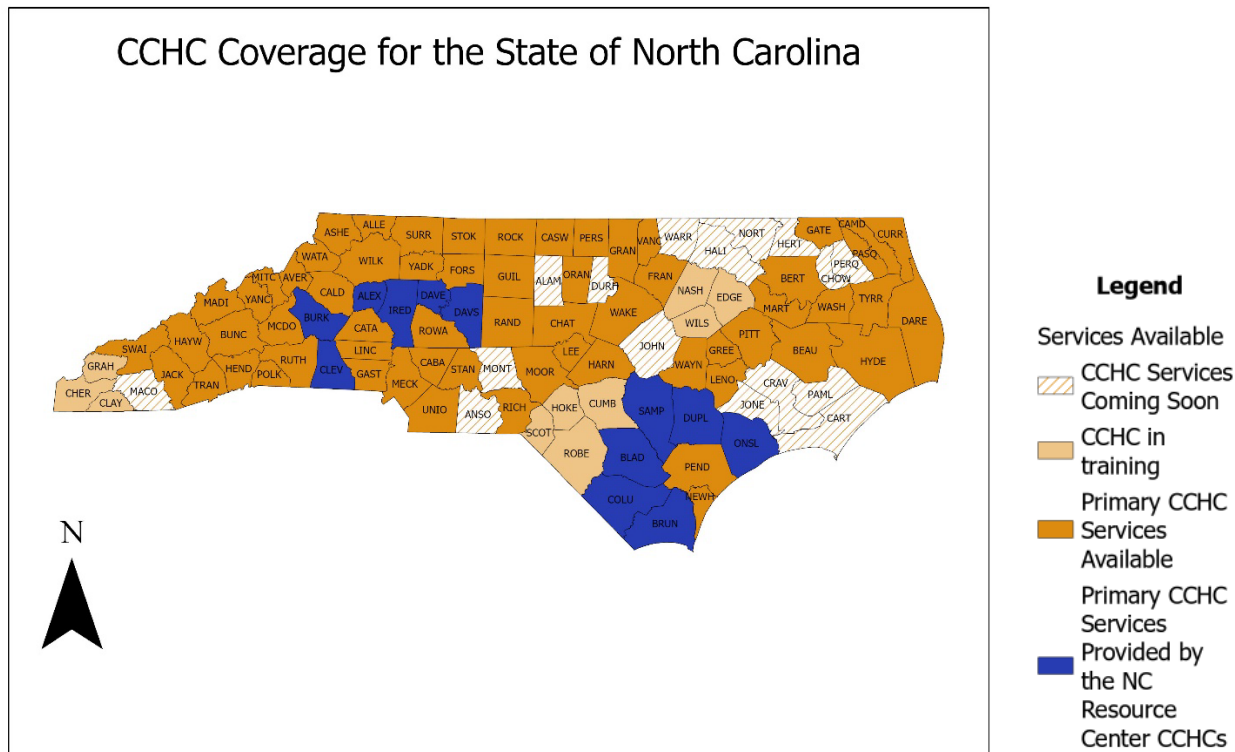

Name of training	Count	Percentage	Total
	Primary CCHC (other)	Primary CCHC (other)	
ITS-SIDS	342 (30)	31.3% (8.5%)	372
CPR	185 (68)	16.9% (19.3%)	253
First Aid	181 (66)	16.6% (18.7%)	247
CCDF Infectious Disease	38 (51)	3.5% (14.4%)	89
Med Admin	58 (15)	5.3% (4.2%)	73
CCDF EPR	70 (1)	6.4% (0.3%)	71
Stay Healthy/Clean	45 (13)	4.1% (3.7%)	58
EPR	47 (3)	4.3% (0.8%)	50
Blood Borne Pathogen	12 (34)	1.1% (9.6%)	46
CCDF Food and allergic reactions	29 (12)	2.7% (3.4%)	41
CCDF Haz materials	12 (13)	1.1% (3.7%)	25
CCDF building safety	11 (11)	1% (3.1%)	22
CCDF SBS and Child maltreatment	9 (12)	0.8% (3.4%)	21
CCDF SIDS	8 (12)	0.7% (3.4%)	20
Go NAPSACC	16 (1)	1.5% (0.3%)	17
CCDF Transporting children	2 (10)	0.2% (2.8%)	12
Playground Safety	11 (0)	1% (0%)	11
Vaccine 101	5 (0)	0.5% (0%)	5
Be Active Kids	3 (0)	0.3% (0%)	3
Other*	8 (1)	0.7% (0.3%)	9
<b>Total of all trainings</b>	<b>1,092 (353)</b>		<b>1,445</b>

\*Other trainings include Nurturing the Brain: Risk and Resilience, Sunbeatables, NLI outdoor learning, Triple P, ITTI (Trauma Informed), Resiliency, Breastfeeding friendly child care.

## Part 2: Primary Local or Regional CCHCs

The following data reports on a **subset** of our total CCHCs who responded, focusing on those who are **funded to work as the primary local or regional CCHC**.

**Figure 1: County Map**

## Primary Local or Regional CCHCs General Information

**Table 3: Certification Status (n=63)**

Status	Count	Percentage
Not Certified	42	66.7%
Certified	21	33.3%

**Table 4: Full-Time/Part-Time Status (n=63)**

Status	Count	Percentage
Full-time	57	90.5%
Part-time	6	9.5%

**Table 5: Degree Field (n=63)**

Degree	Count	Percentage
Nursing	35	55.7%
Public health/health education or promotion	21	33.3%
Nutrition	3	4.8%
Other health field	2	3.2%
Early childhood education	1	1.6%
Other non-health field	1	1.6%

**Table 6: Hiring Agency (n=63)**

Agency	Count	Percentage
A local health department	36	57.1%
A local (Smart Start) partnership for children	15	23.8%
UNC/NC Child Care Health and Safety Resource Center or NC DPH	4	6.3%
An area health education center (AHEC)	3	4.8%
Hospital	2	3.2%
A community-based agency	2	3.2%
Home Health Agency	1	1.6%

**Table 7: Breakdown of CCHC Time (n=63)**

Type	Average
Targeted Consultation	49.7%
Group Training	18.9%
Comprehensive Consultation	15.9%
Community Outreach or Meetings	13.7%
Other	1.9%

**Table 8: Hourly Pay (n=52)**

Data comes from a self-reported approximate hourly rate. CCHCs who indicated they were not considered full-time in their position were excluded from the following analysis. These averages do not consider the socioeconomic variances between counties nor years of professional experience.

Child Care Facility Type	Average
CCHCs who are Registered Nurses	\$32.26
CCHCs who are Health Educators	\$22.36

**Table 9: Number of Child Care Facilities Served (n=41)**

CCHCs who completed the CCHC course in August of 2021 or earlier are included in this analysis. Determined outliers were excluded.

Breakdown of CCHC Work with All Facility Types	
Average number of facilities (all types) served by a CCHC	41.9
Median Number of Facilities Served by a CCHC	31.5

**Table 10: Type of Child Care Facilities Served (n=57\*)**

Child Care Facility Type	Count	Percentage
Child Care Centers	1,414	64.9%
Family Child Care Homes	524	24.1%
Other	240	11%
<b>Total of all Served</b>		<b>2,178</b>

\*Six subsets of CCHCs chose not to report data on the number of facilities served in 2021.

**Table 11: Resources provided by the North Carolina Child Care Health and Safety Resource Center**

CCHCs were asked to reflect on the services that the Resource Center provides to all CCHCs who complete our CCHC course.

RC Resources	Percentage of CCHCs rated each as useful	Total Responses (n)
Train-the-Trainer Courses	100%	59
Training Materials	100%	60
Resource Library	98.4%	62
Website	96.8%	62
Posters	96.7%	60
Quarterly Resource Center webinars for CCHCs	88.3%	60
Coaching and Consultation Support	85.2%	61
E-Newsletter	85.0%	60
